

South Henry School Corporation
Financial Goals
Adopted 1-10-2017

South Henry School Corporation will be a good steward of all available financial resources and will work to manage all budgets to meet current and future student academic achievement and student instructional support needs. In accordance with IC 20-42.5-3-4 the South Henry School Corporation shall strive to increase the amount of funding for student academic achievement and shall maintain the funding for student instructional support. This shall be accomplished by:

1. Reducing overhead and operational costs by continued participation in cooperatives available to the school corporation as well as exploring partnerships with other entities to provide these services.
2. Maintaining or reducing current staffing levels in non-instructional support positions or seeking alternative funding sources when the addition of staff will benefit the overall educational program.
